The owner/applicant agrees to control the “noxious” and “nuisance” weeds on the BRID right of way adjacent to aforesaid lands. Owner/applicant must post “**No Spray**” signs 30 meters on both ends of the designation area.

In consideration of the foregoing, the BRID agrees not to use chemical control methods in the right of ways adjacent to the lands described above. If weed control has not been carried out the BRID reserves the right to spray weeds after consultation with the owner/applicant.

The owner/applicant understands that restricted and noxious weed control **MUST** be implemented as often as necessary to prevent seed set of all restricted and noxious weeds as described by the Weed Control Act of Alberta. “Restricted” weeds must be eradicated immediately upon identification. Failure to provide immediate effective control of restricted weeds will result in the BRID spraying the weeds.

The owner/applicant shall indemnify and hold harmless the BRID, its employees and agents of all claims, demands, actions, requests and costs whatsoever that may arise, directly or indirectly from carrying out this agreement. Although the BRID will make every effort to respect the No Spray Zone no responsibility will be accepted for an application of chemicals for weed control within this zone.
